**COMPUTER LITERACY PROGRAMME**

Annual Report

**2019-2020**

**Introduction**

The computer literacy committee college focus on providing literacy in computer and internet. Computer literacy means Computer literacy is “the knowledge and ability to use computers and existing technologies or applications efficiently” covering different skills like elementary use of computer to learn about Ms. Office, excel, What ‘sup, You tube, goggle classroom, Google forms, power point presentation, Zoom meeting app , Google meet and use of internet for day to day life. Shri Sharda Bhavan Education Society’s Indira Gandhi sr. college CIDCO, Nanded conducted the computer literacy programme for the academic year 2020-2019.

### **Syllabus and Work load**

The computer literacy programmes include the basic syllabus of computer science like Ms office, Ms power point and use of computer for internet related day to day activities. The programme is completed in to total 20 periods of theory as well as practical of 50 minutes in both first semester and second semester.

### **Annual plan year 2020**

At the beginning of the academic year the committee made the annual plane for execution of programme regarding the distribution of total periods, syllabus and practical sessions.

### **Teaching faculty and distribution of work load**

In the computer literacy programme four teaching faculty had give the total workload

Sr. No.	Name of the teacher	Class	Workload
1	Dr. Metlkar R.G.	Computer Literacy Programme	03 Periods
2	Dr. Solunke K.R.	Computer Literacy Programme	03 Periods
3	Dr. Lokhande M.V.	Computer Literacy Programme	03 Periods
4	Dr. Maske V.B.	Computer Literacy Programme	03 Periods

### **Syllabus distribution and time table year 2020**

The time table designed for the computer literacy programme was as follows. The periods were conducted in time of 4:10 to 5:00 pm continuously for three weeks.

Sr. No	Name of teacher	Topics
1	<b>Dr. Metkar R.G.</b>	History of computer
		Introduction of computer

		Information regarding the parts of computers
2.	<b>Dr. Maske V.B.</b>	Practical's on above Topics
		Practical's on above Topics
		Practical's on above Topics
3.	<b>Dr. Lokhande M.V.</b>	Use of computer for internet
		Ms Word office introduction
		Ms word cocumentations
		Practicals on above Topics
		Practicals on above Topics
4.	<b>Dr. Solunke K.R.</b>	MS power point
		Ms office EXcel
		Page maker
		Practicals
		Practicals
		Practicals

### Outcomes of the pogrammes

Due to the regular classes under the scheme of computer literacy programme in college the awareness of computer among the students was increased. They got the confidence in handling and using the computers. Students are engaged to appear for the exam like MS-CIT and most of them are qualified the examination.

60	Kshirsagar Rasika Sharad	B.Sc. III Year

During this year 60 (Sixty) Students are enrolled for the Computer literacy Programme for the B.A. and B.Sc. I, II, and III year.

## Outcomes of the pogrammes

Due to the regular classes under the scheme of computer literacy programme in college the awareness of computer among the students was increased. They got the confidence in handling and using the computers. These critical computer and Internet skills are valued in today's academic and professional environments. This leads to success in education and employment since computer skills are integral to all areas of study and work.

Computer learning programs give students the opportunity to expand their horizons to learn skills they would not have the opportunity to acquire in the traditional classroom.

Learning outcomes are user-friendly statements that tell students what they will be able to do at the end of a period of time.

### Following are the major Outcomes of the programme :

- Being computer literate supports entrepreneurship.
- It helps for Communication techonology.
- Enhance your employment opportunities.
- Address the gap in your knowledge.
- Computers Reconstruct Business Processes.
- Business Essentials is Africa's premium networking and business directory.
