

Principal- Students Interaction Report

(2017-2018)

One of the highlighting activities in the college is Principal-Student interaction. In this programme, there is free and healthy interaction between principal and students on different levels. It has proved meaningful every year. Student had free dialogue with their beloved principal without any indecision. This programme is organized every year strictly on 14th August, eve on Independence Day irrespective of holiday. Programme is runs about two to three hours every year. It has observed that there is very healthy and reciprocal discussion with principal. Principal not only listen in the students but also had a very friendly attitude in making himself aware of the student's thoughts. He responded them by implementing their suggestion. He also discusses the academic & administrative plan with student for that particular year.

The perspective of this practice is that, to make the college atmosphere healthy by understanding inadequacy observed by the student themselves in the administration, management or in teaching learning process. Issues are mostly related with library facility, laboratory and other infrastructural facilities. In this assembly students raise their doubts and difficulties directly before principal, about the completion of syllabus, lacunae in teaching process from faculties. Available books in the library, books issuing matter, practical completion. Problems related with sports, available instrument for games, Cultural activities, NSS programmes about unit tests, results. Scholarships, functioning of water supply systems, Toilets facilities, dress code etc.

This interface convene is strictly arranged on 14th August every year (Day before) on eve of Independence Day. Students will be well-versed by circulating the notice in the or by placing it on the notice board two to three day before the meet. To facilitate this programme committee was formed, which would take initiative for arrangement of this activity. This meet is restricted only with students, principal and committee coordinator. Coordinator would initiate the meet by giving address about the purpose of meet. Principal would address about meet and expect discipline, coordination, cooperation from the students throughout the year. During meet quarries, doubts or shortcomings raised by students will notice by coordinator and principal. Principal will give positive response to the students. Meet atmosphere

always create healthy .which enables Students to ask their doubts without any hesitation. Whatever suggestions given by the students in the meet, it would be solved by giving the top priority by college management. This practice is very fruitful for the smooth functioning of the college administration and academic development

This practice is found best tool for the smooth and healthy functioning of the college administration, and academic development of the institute. The positive suggestions collected from the students has given top priority to implement it in the college. Essential infrastructural facilities would provide them quickly. Whenever the quarries were related with syllabus incomplection, it would solved by conducting extra classes. Whenever students were needed for any remedial classes it would provided them timely, these suggestions are always taken it positively by administration. It has observed that, this practice has really reflected for improvement the overall result of the college. This transparency in the administration boosts to keep the healthy environment in the students and college campus. It would help to remove the gap between the students and teachers. This remarkable change reflects positively in the discipline, coordination and overall results of the college.

During the interaction in the year 2017-2018 principal informed the students about availability of the internet facility in the college and expect proper use of audio video aids to their respective course under the guidance of concern teacher. Principal also appealed students about the use of carrier guidance classes for their future. In the interface students also requested the principal to start the Gymnasium facility in the college and make available pure and safe drinking water.

In the academic year 2017-2018 principal acknowledged the student about 90% of their demands has been fulfilled by the management in this year i.e. availability of the water cooler, ladies common room, modification in science laboratories, sufficient class room, internet facility, SET/NET coaching classes, carrier guidance classes etc.

In the suggestions students asked principal about to make arrangement of Cement benches in botanical garden, desks in reading hall, also requested about compulsion of uniform to teachers and non teaching staff.

Students raise their hands for extra coaching classes for Marathi grammar, extra coaching classes to prepare cultural activities for participation in youth festival

Although this practice makes healthy environment in the campus but it has certain limitations. Whenever the suggestions comes from the students about the shortcomings of infrastructural facilities. Management would not easily provide them unless some arrangements. It creates financial untimely burdens for the institute. Even for implementation of remedial classes amount have to generate by any means. Every time faculty has to spare their extra time for engaging extra coaching classes. This sometimes disturbs routine programme. Some time students demands more and unexpected requirement.

In this year also programme was conducted on 14th August 2017 in Seminar Hall at afternoon 12:00 pm which was concluded at 2:30 pm after two and half hour thorough and marathon discussion. At the beginning of the interface, programmed coordinator was warmly greeted the principal by offering the 'Bouquet' and initiate the meet by giving address about the purpose of meet.

Hon'ble Principal Dr. R. B. kadam had appealed to student to forward the questions and suggestions which, they wanted to be discussed in this meet on chit without mentioning their name on it.

As per the directions given by principal students had raised their questions, suggestions, doubts on chits and handed over to the coordinator for consideration. Total 121 students were present for the programme. Total 82 chits with questions, suggestions, were collected by the coordinator. Students are assured by principal about the thorough discussion consideration and positively implementation of their suggestions.

This interface programme was anchored and vote of thanks given by Dr. A. T. Shinde (Coordinator Principal-Student Interaction Committee 2017-2018.)

In academic year programme was conducted on 14th August 2019 in Seminar Hall at afternoon 1:00 pm which was concluded at 2:30 pm after one and half hour thorough and marathon discussion. At the beginning of the interface, programmed coordinator was warmly greeted the principal by offering the 'Bouquet' and initiate the meet by giving address about the purpose of meet.

Hon'ble In. Principal Dr. S. W. Jagtap had appealed to student to forward the questions and suggestions which, they wanted to be discussed in this meet on chit without mentioning their name on it.

As per the directions given by principal students had raised their questions, suggestions, doubts on chits and handed over to the coordinator for consideration. Total 101 students were present for the programme. Total 99 chits with questions, suggestions, were collected by the coordinator. Students are assured by principal about the thorough discussion consideration and positively implementation of their suggestions.

This interface programme was anchored and vote of thanks given by Dr. A. T. Shinde (Coordinator Principal-Student Interaction Committee 2019-2020.)

➤ **Implementation of suggestions and demands of previous year**

Hon'ble Incharge Principal Dr. S. W. Jagtap has given the information about implementation of work in previous year which was demand by the students last year meet. Almost all the Students requirement and suggestions are fulfilled by the college administration in the last year.

Following is the list of implementation of demands and suggestions asked by students

1. College has started the value added courses, Add On courses and certificate course in different subject.
2. College have purchase the sufficient bench as per student requirement.
3. The additional mineral water point is avail as per student requirement.
4. College has taken initiative to start PG courses.
5. Carrier guidance cell organize the programme for guidance of competitive examination by eminent person of Maharashtra public service.
6. Update and intimation was given to faculty for following punctuality in class time.
7. Wi-Fi facility was restored in college campus for student use.
8. Taken the sufficient proper care and action to maintain clean and hygienic in college campus.

➤ **List of requests, demands and suggestions forwarded by students in the meet.**

1. In the infrastructure facility we have to increase the classrooms, fans, buildup parking area in large, fixed channel gate for security at important places.
2. In library develop seating facility for Girls in the time of reading the text book or reference book, newspaper increase in the ratio of different publishers, at this matter the assistant of library should behave in well manners with the student. Give opportunity to student to select the text book. Curriculum book or magazines from the library by their own knowledge.
3. For the cleanliness facilities we should keep following things in well flourished manner such as chairs, tables, bathrooms, toilet, reading room etc.
4. Award of cleanliness started by the college for the student motivation as well as keeping the things in flourished manner so next year student take benefits of it.

5. Language lab facilities should be maintained as well as competitive examination classes such as MPSC, UPSC, Bank and other examination related to state and central Govt.
6. Teachers of various faculties should take minimum holidays and complete their curriculum at the time.
7. Classes of Sanskrit subject and Physical Education take time to time.
8. For the innovative knowledge and to increase the vision of student in society teachers should arrange historical and educational tours.
9. For the development of cultural side of student college maintain the social gathering programmes every year in different format so that student will become advance learner in the platform of cultural things of our country.
10. To maintain the leadership quality in student we should organize a perfect election method of student.
11. To maintain the girl's health we should have a separate room for the girls for their emergency period as well as we should keep the things which are needed for them at that time such as mirror, water facility or Medical equipments related to their health problems.
12. As per the discipline of the college campus teachers should have dress code as well as nonteaching staff also in dress code.
13. Behaviors of the peon should be well and disciplined with the student and they should avoid chewing tobacco and smoking cigarettes in college campus.
14. Increase LCD Projector, Computer in the numbers increased, CCTV cameras fixed at college campus in important places.
15. We should maintain the Wi-Fi facility for the teachers and student.
16. Distribute sports equipments to the students and arrange practice matches of different sports in college.
17. Organize different sports competition at the university level, state level and national level in the college.
18. Economical poor student and hardworking in studies we should provide less fees facilities for them or we should provide them fees facility from student welfare fund.
19. For the discipline of the college campus we should not give permission to outside student to enter in the college.

20. In front area of our college there is a lot of collection of mud due to heavy rain water collecting by different areas so we should developed a road at that place so we have a good path on it.
21. We have to organize Tree plantation in college campus and take care of this tress until its development that is our necessary after tree plantation.

Principal-Students Interaction Committee Report

(2020-2021)

One of the highlighting activities in the college is Principal-Student interaction. In this programme, there is free and healthy interaction between principal and students on different levels. It has proved meaningful every year. Student had free dialogue with their beloved principal without any indecision. This programme is organized every year strictly on 14th August, eve on Independence Day irrespective of holiday. Programme is runs about two to three hours every year. It has observed that there is very healthy and reciprocal discussion with principal. Principal not only listen in the students but also had a very friendly attitude in making himself aware of the student's thoughts. He responded them by implementing their suggestion. He also discusses the academic & administrative plan with student for that particular year.

The perspective of this practice is that, to make the college atmosphere healthy by understanding inadequacy observed by the student themselves in the administration, management or in teaching learning process. Issues are mostly related with library facility, laboratory and other infrastructural facilities. In this assembly students raise their doubts and difficulties directly before principal, about the completion of syllabus, lacunae in teaching process from faculties. Available books in the library, books issuing matter, practical completion. Problems related with sports, available instrument for games, Cultural activities, NSS programmes about unit tests, results. Scholarships, functioning of water supply systems, Toilets facilities, dress code etc.

This interface convene is strictly arranged on 14th August every year (Day before) on eve of Independence Day. Students will be well-versed by circulating the notice in the or by placing it on the notice board two to three day before the meet. To facilitate this programme committee was formed, which would take initiative for arrangement of this activity. This meet is restricted only with students, principal and committee coordinator. Coordinator would initiate the meet by giving address about the purpose of meet. Principal would address about meet and expect discipline, coordination, cooperation from the students throughout the year. During meet quarries, doubts or shortcomings raised by students will notice by coordinator and principal. Principal will give positive response to the students. Meet atmosphere

always create healthy. Which enables Students to ask their doubts without any hesitation. Whatever suggestions given by the students in the meet, it would be solved by giving the top priority by college management. This practice is very fruitful for the smooth functioning of the college administration and academic development

This practice is found best tool for the smooth and healthy functioning of the college administration, and academic development of the institute. The positive suggestions collected from the students have given top priority to implement it in the college. Essential infrastructural facilities would provide them quickly. Whenever the quarries were related with syllabus incomplection, it would solved by conducting extra classes. Whenever students were needed for any remedial classes it would provided them timely, these suggestions are always taken it positively by administration. It has observed that, this practice has really reflected for improvement the overall result of the college. This transparency in the administration boosts to keep the healthy environment in the students and college campus. It would help to remove the gap between the students and teachers. This remarkable change reflects positively in the discipline, coordination and overall results of the college.

In the academic year 2020-2021 facing the pandemic period offline classes where conducted by the Faculty of college whereas the we have special committee which is principal student interaction committee. The programmers were held at every year in the same date but there is slightly change in the programme schedule according the need of academic year calendar. This committee programme was conducted by the coordinator in online mode due to pandemic period. This programme was successfully organized on **10th July 2021** at **11.00 A.M** by online zoom meeting giving the link to all student of the college. The president of the programme was our college principal therefore from our college **76** student where present online mode in this programme. The agenda of the programme was to know the problems of the student and challenges in education in online mode. This all discussion was happened successfully and whichever the ideas are bring out from the student to upgradation of the education facilities that are taken granted and followed in the same year.

This interface programme was anchored and vote of thanks given by Dr. A. T. Shinde (Coordinator, Principal-Student Interaction Committee 2020-2021.)

Principal-Students Interaction Committee Report (2021-2022)

The College is organized the Principal-Students interaction in every academic year. The aims of this programme is to listening the various issues regarding the academic and physical facility issues of students and make plan to solve it in college level. The college administration is tried to give best for students by giving all possible physical facility and academic endeavourer. The students of college have one platform to raise their issues in this meet. This programme is organized every year strictly on 14th August, eve on Independence Day irrespective of holiday, but due to pandemic of Covid-19, the academic year for 2021-2022 was start late so this programme was organized on 29th November 2021.

The perspective of this practice is that, to make the college atmosphere healthy by understanding inadequacy observed by the student themselves in the administration, management or in teaching learning process. It is observed that most of the issue is related with the library facility, laboratory and other infrastructural facilities. In this meet student raise their doubts and difficulties directly before Principal like Cultural activities, NSS program, about unit tests, scholarship, functioning of water supply systems, toilets facilities, dress code etc.

Students were communicated by circulating the notice in the class room or by placing it on the notice board two to three day before the meet. To facilitate this programme “Principal-Student Interaction Committee” was formed, which would take initiative for arrangement of this activity. This meet is restricted only with students, principal and committee coordinator. Coordinator would initiate the meet by giving address about the purpose of meet. Principal address about meet and expect discipline, coordination, cooperation from the students throughout the year. During meet quarries, doubts or shortcomings raised by students will notice by coordinator and principal. Principal will give positive response to the students. Meet atmosphere always create healthy .which enables Students to ask their doubts without any hesitation. Whatever suggestions given by the students in the meet, it would be solvedby giving the top priority by college management. This practice is very fruitful for the smooth functioning of the college administration and academic development

This practice is found best tool for the smooth and healthy functioning of the college administration, and academic development of the institute. The positive suggestions collected from the students have given top priority to implement it in the college. Essential infrastructural facilities would provide them quickly. Whenever the quarries were related with syllabus incompleteness, it would be solved by conducting extra classes. Whenever students were needed for any remedial classes it would be provided to them timely, these suggestions are always taken positively by administration. It has been observed that, this practice has really reflected for improvement of the overall result of the college. This transparency in the administration helps to keep a healthy environment in the students and college campus. It would help to remove the gap between the students and teachers. This remarkable change reflects positively in the discipline, coordination and overall results of the college.

An academic year programme was conducted on 29th November 2021 in Seminar Hall at 12:00 pm which was concluded at 2:00 pm. At the beginning of the interface, the programmed coordinator was warmly greeted by the principal by offering the 'Bouquet' and initiated the meet by giving an address about the purpose of the meet. Hon'ble Principal Dr. R.P. Mali appealed to students to forward the questions and suggestions which they wanted to be discussed in this meet on chat without mentioning their names on it.

As per the directions given by the principal, students had raised their questions, suggestions, doubts on chats and handed over to the coordinator for consideration. Total 63 students were present for the programme. Total 110 chats with questions, suggestions, were collected by the coordinator. Students are assured by the principal about the thorough discussion, consideration and positive implementation of their suggestions.

This interface programme was anchored and a vote of thanks was given by Dr. A. T. Shinde (Coordinator Principal-Student Interaction Committee 2021-2022.)

➤ **Implementation of suggestions and demands of previous year**

Hon'ble Principal Dr. R.P. Mali has given the information about the implementation of work in the previous year which was demanded by the students last year.

meet. Almost all the Students requirement and suggestions are fulfilled by the college administration in the last year.
