

Awareness Programme on COVID-19 and AIDS

COVID-19 Awareness Program

COVID-19 awareness campaign organized on 29/8/2021 under the “My family My responsibility” the Student of the college followed the guidelines issued by the State and Central Government time to time and try to create spiritual strength among the people in the surrounding area by the spreading the misconceptions and misunderstanding about COVID in the society. The volunteers of NSS are working to create awareness in the society through different means, so that they can keep good health by implementing the three principles decided by the government like Social distancing, Washing hands frequently and Using mask as a part of the same. Online lecture was organized on the topic “Before Corona disease”, Corona transitions period and future Corona moment in which nearly to student and parents participated. For this two experts **Dr.Ashok Bhise and Dr Sambhaji Shinde** explained and guided about how should care and keep ourselves away from the COVID-19 pandemic. Even after taking necessary precautions, if one gets infected then what are the necessary measures to take to recover from it. By giving such message they tried to reduce the stress of Corona.

Importance of Corona Vaccine

When the whole world was going through a pandemic like Corona and large number of positive cases were reported daily in India and also in Maharashtra. The medical experts work tirelessly and developed a vaccine against COVID- 19. After the vaccine was prepared, many misconceptions were spreading among the people, about which vaccine should be taken, the do's and don'ts before and after vaccination. In order to clear this confusion and guide the student and other people about the necessity of the vaccine. Before undertaking the vaccine campaign, a special program was organized on 28 October 2021. To guide the student, this program was inaugurated by the treasurer of Shri Sharda Bhavan Education Society, Principal Raosaheb Shendarkar Dr. Ameer Hamid expert of Health Department of Nanded City Waghela Municipal Corporation guided the student about how important it is to get vaccinated and cleared all the misconfusion and doubts in the minds of the student by giving relevant information.

“Mission “Kavoch Kundal”

Under mission “Kavoch Kundal” vaccination drive was organised in the college in collaboration with the health department of Nanded Waghala City Corporation On 28 October 2021. Considering it very important and a prime responsibility to guide and encourage the student to get vaccinated. The Student of the college actively participated and about 90 student and parents were vaccinated under this vaccination drive.

Corona Awareness Campaigning

As per the IQAC directions the NSS department of college has arranged a programme on Corona Awareness Campaign in nearby selected villages like Varkhed, Bhanpura, Vanegaon, Takalgaon, Dhakni in District Nanded, when our team visited the selected village then it came to notice that there has been need of awareness among the people about the Corona disease. Also in these villages during the time of disease nearly 100 people including men and children return to the village from Mumbai, Pune and other places. For safety reason these people were quarantined in school of Zilla Parishad for 15 days. They were provided with food, sanitizer, water, masks. This task was undertaken by Sarpanch of village and Chairman of Loha Panchayat Samiti. In these villages, the NSS unit of our college gave visit and was aimed to create awareness among the people and help them at the time of such crisis. Also the people were well aware about the do's and don'ts of COVID-19 pandemic and people were well protected against the virus. 100 people came to these villages from outside but not a single case COVID-19 positive has been reported so far. But after the first lockdown period, people have become a bit negligent and social gathering have been organized in the villages, some marriage programmes had been organized. Our team NSS aware the people all about COVID-19.
