It is a suite of software programs that analyzes scientific data related to the social sciences. SPSS offers a fast-visual modeling environment that ranges from the smallest to the most complex models. The data obtained from SPSS is used for surveys, data mining, market research, etc. SPSS is popular because of its simplicity, easy-to-follow command language, and well-documented user manual. Government entities, educational institutions, survey companies, market researchers, marketing organizations, health researchers, data miners, and many others use it for analyzing survey data.

R is a language and environment for statistical computing and graphics. It's an open-source programming language often used as a data analysis and statistical software tool. The R environment consists of an integrated suite of software facilities designed for data manipulation, calculation, and graphical display. The environment features

- A high-performance data storage and handling facility
- A suite of operators for array calculations, mainly matrices
- A vast, easily understandable, integrated assortment of intermediate tools dedicated to data analysis
- Graphical facilities for data analysis and display that work either for on-screen or hardcopy
- The well-developed, simple and effective programming language, featuring user-defined recursive functions, loops, conditionals, and input and output facilities.

Therefore, the department was organized one day workshop for the faculty.

A One-day State Level Workshop on “SPSS & R-Software for handling of Research Statistical Data Analysis” was organized by Department of Economics, Indira Gandhi (Sr.) College, CIDCO, Nanded on 25th Feb. 2019. The overall goal of the Workshop is given knowledge in software handling. among the staff, research scholars and students of Humanities.

The objectives of this Workshop are:

- To highlight the importance of SPSS & R-Software
- To highlight the role of SPSS & R-Software
- To highlight the role of SPSS & R-Software of Social Science.

Inauguration:

The Workshop was started on 25th Feb. 2019 at 11.00 am with inaugural address by Principal of College Dr. G. N. Shinde.

Session I

In the technical Session Dr. Kondekar Sagar, Director, School of Social Science (Sub-Center Latur) SRTMU, Nanded. Briefly described the role of “SPSS FOR handling of Research Statistical Data Analysis and highlighted the following points.

- SPSS’ Data Mining Manager, its users can conduct smart searches, extract hidden information with the help of decision trees, design neural networks of artificial intelligence, and market segmentation.
- SPSS’s Report Generator feature lets you prepare attractive reports of investigations. It incorporates text, tables, graphs, and statistical results of the report in the same file.
- SPSS offers data documentation too. It enables researchers to store a metadata directory. Moreover, it acts as a centralized information repository in relation to the data – such as relationships with other data, its meaning, origin, format, and usage

Session II

In the technical Session Dr Metkar R.G., Dept. Of Mathematics, Indira Gandhi College, CIDCO, Nanded. In his Address he highlighted the role of Research in R-Software for handling of Research Statistical Data Analyzed and explained the following points.

- R runs on all operating systems, so developers only need to create one program that can work on competing systems. This independence is yet another reason why R is cost-effective.
- It's great for statistics. Statistics are a big thing today, and R shines in this regard. As a result, programmers prefer it over other languages for statistical tool development.
- R lets you perform data wrangling. R offers a host of packages that help data analysts turn unstructured, messy data into a structured format.

Valedictory: The Valedictory ceremony was organized at 5.00 pm. The principal of the college Dr. G.N. Shinde is the chairperson for the ceremony and the resources persons Dr. Kondekar Sagar and Dr. Metkar Ram chief guests. The certificates were issued to the participants.

Report on One Day Regional Seminar

**“Deprivation of Marathwada:
Irrigation and Educational Backlog”**

On 26 Feb., 2019

On the death anniversary of the pioneer of irrigationist and educationist of Maharashtra And Marathwada Region Hon. Shri Shankarrao Chavan, Shri Sharda Bhavan Education Society's Indira Gandhi (Sr.) College, CIDCO, Nanded in collaboration with Swami Ramanand Teerth Marathwada University organized one day regional seminar entitled "Deprivation of Marathwada: Irrigation and Educational Backlog" on 26th Feb., 2019.

Hon. V.C of the SRTM university permitted to organize the seminar and sanctioned one day duty leave for the teaching faculty of the colleges and university teachers to attend the seminar.

Under the guidance of Hon. Principal of college, Members of Indira Gandhi (Sr.) College Alumni Association, Marathi and Economics departments are taking efforts to discuss and bring out its solution on this pivotal issue.

Marathwada got freedom from the tyranny of Nizam Empire on 17th September, 1948 and was merged in Maharashtra State unconditionally. Even after seventy years of freedom; the region is lagging behind on all fronts—Agricultural, economic, educational and political, social and to mention a few.

The seminar intends to make a critical deliberation of deprivation of Marathwada region on different fronts and aims at finding out the solution to overcome its deprivation even after seventy years with following sub themes.

- Perspectives of Mother Tongue Education in Marathwada-Condition & Direction.
- The Present Status of Language Study in Marathwada.
- The Draught in Marathwada and backlog of Irrigation.
- The Draught in Marathwada and backlog of Education.
- Future Education Policy for Marathwada.
- Policies to Improve Soil Fertility and Crop Productivity in Marathwada.

Schedule of Seminar

Registration (9.00am to 10.00 am)

Industry persons, industry workers, farmers, parents, students, researchers, and persons from all corners of society are the main beneficiaries of the seminar. Therefore we have observed the huge response at the time of registration. Approximately 55 students, 15 farmers, 15 Parents and 07 researchers are registered in this event.

Session I.

Inaugural ceremony (10.00am to 11.00 am)

The Inauguration of the regional seminar was made by the auspicious hands of Dr. Vikas Sukale, Asst. Prof. Dept. of Economics, Peoples college, Nanded. The dignitaries Dr. Mahesh Joshi (resource Person of the seminar), Dept.of Education, SRTM University, Nanded and Ex. Pro V. C. Of SRTM University, Nanded and Principal Dr. G.N. Shinde preside the ceremony.

The motto of organizing the seminar was elaborated by Dr. Vishwadhar Deshmukh and Mr. Om Kawale (an alumnus) took leading role in anchoring.

Session II (11.15am to 12.15 pm)

Dr. Mahesh Joshi, Department of Education, SRTM University, Nanded, Delivered lecture on the topic 'Strengths and Weaknesses of Marathwada: An Educational Perspective'. Dr. Joshi noticed the contributions of Shri Shankarraoji Chavan towards the field of education.

Dr. Mahesh Joshi in his lead lecture elaborated the deprivation of Marathwada in the field of education. He mentioned that the Marathwada was part of Nizam's Hyderabad state prior to independence and is unified in Maharashtra and observes deprivation in the field of education even after a period of fifty years.

According to his analysis the phenomenon of educational deprivation of students is depended on the demand and supply framework where an attempt is made to associate explanatory variables to supply and demand factors with respect to education.

A role with flexible boundaries can be enacted in educational settings like ability to adapt to the educational environment with respect to time which allows the flexibility for imparting comfortable environment for different levels of students.

Teas break (12.15 pm to 12.30 pm)

Session III (12.30 pm to 1.30 pm)

Dr. Vikas Sukale, Asst. Prof. Dept. of Economics, Peoples college, Nanded. Delivered lecture on topic 'Strengths and Weaknesses of Marathwada: An Economic Perspective'. He mentioned the depraves of this region in Historical, cultural and tourism from rest of Maharashtra by giving statistical data.

In the process of economic development, some regions leap ahead while some regions lag behind. The problem of imbalance in development exists at the international, national as well as state levels. Socio-economic development of lagging regions has to be the prime concern in the agenda for development. Why lagging regions stay lagged perennially, is an issue that seeks the attention of the academia to inquire into its causes and suggests remedies.

Within Maharashtra, the region popularly known as Marathwada has been identified as the most backward region in India. The Pande committee (1969) and the Sarma committee (1997) appointed by the Government of India identified all the districts in Marathwada as the most backward and poorest districts in India. The Kelkar committee (2013) has projected the fact that the Per capita income of Marathwada is 40% less than the highly developed rest of Maharashtra region. In a backward economy, the agricultural sector is dominant while the manufacturing sector is limited and the tertiary sector is not well developed. The share of Marathwada in the State Gross Domestic Product is the lowest among all the regions. In the last decade this share has the decline by 0.48 per cent point.

The people in Marathwada are heavily dependent on agriculture for livelihood. Almost 73% of the total workers in this region are cultivators and agricultural laborers. These workers are vulnerable to the vagaries of monsoon as 83% of the net sown area of the region is not irrigated. Marathwada had been a victim of neglect and discrimination for centuries under the Nizams. There were frequent agitations to protest the declined development effort and attention to Marathwada. This declined development effort led to a violent agitation by students in 1974 in Marathwada against its growing backwardness. Even today the region finds itself excluded in the process of economic growth of the state of Maharashtra.

Lunch break (1.30 pm to 2.30 pm)

The arrangement of delicious lunch is made available to the participants and Guests from 1.30 pm to 2.30 pm.

Session IV (2.30 pm to 4.00 pm)

- a. Prof. Swati Kothule (Secretary of Alumni Association) delivered lecture on the topic 'Policies to Improve Soil Fertility and Crop Productivity in Marathwada'. She mentioned that,

The Marathwada region has different types of soil like black to dark yellowish brown in color clay to sandy in texture. Therefore the farmers has to know the type of crop which is best for cultivation and have to adopt the scientific methods to increase the productivity of the crop and mentioning the diversity of the soil profile she insisted the farmers to undertake the soil testing before sowing, which help to select the seasonal crop of its higher productivity.

She mentioned that the farmers are very much worried about the scanty rain fall and committing suicide, but this is not the solution for the problem. Scientific and organic farming override the situation and helps in betterment of crop production depending upon the nature of soil.

- b. Anand Shipparkar delivered lecture on ‘Contribution of Students in Building Marathwada’ and Mentioned the depravedness of this region from rest of Maharashtra and insisted students to take active role in Educational development of this region.

The future of any country depends upon its students. Name and fame of a country rest on the educated youths. In other words, the students are the real treasure of any country. They are more important for a country like India.

If the energy of the students is directed to constructive purposes, the whole country will taste the all round development. A great man has rightly said," **Give me the children and I will change the nation.**" A nation can progress if its youth is sincere and educated. So most of it depends upon the students.

Marathwada is fortunate that more than 60% of its total population which consists young people. Most of them are the students and they can do a lot for their invaluable contribution to this development of this region. There a large number of illiterate people, students can teach these illiterate people of their neighborhood, nearby localities and in the villages. They can start many awareness programme in this region for the development

- c. Amar Bais (President of Alumni Association) delivered lecture on ‘The Present Status of Language Study in Marathwada’. In his lecture he mentioned the importance of language study in the development of this deprived region and motivated students to become a good language teacher for better communication.

Language impacts the daily lives of members of any race, creed, and region of the world. Language helps express our feelings, desires, and queries to the world around us. Words, gestures and tone are utilized in union to portray a broad spectrum of emotion. The unique and diverse methods human beings can use to communicate

through written and spoken language is a large part of what allows to harness our innate ability to form lasting bonds with one another; separating mankind from the rest of the animal kingdom.

The importance of communication is often overlooked. Despite our great prowess in communication, misunderstandings and mistranslations are commonplace. It is arrogant to believe that one can travel the world and expect all of mankind to understand his or her native tongue. In order to travel the world, whether for business or pleasure, a desire and willingness to adapt to new cultures and methods is necessary. Adaptability, of course, includes the ability to communicate with new people in various dialects. Being unable to communicate in a country is akin to living with a serious impairment; it is very difficult and near impossible, to adapt and get along with new people if there is no way to communicate with one another.

Tea breaks (4.00 pm to 4.14 pm)

Session V (4.00pm to 5.15 pm)

Indira Gandhi senior college as an institution pursues distinctiveness as a way of focusing and offering intellectual energy and our resources widely for a social cause. in India particularly in Maharashtra fertilizer application and consumption is highly unorganized with wide variation in NPK Ratio though there has been an impressive growth in the consumption of fertilizers in past green revolution period their indiscriminate use has been one of the reasons for declining productivity in recent years

Studies and evaluation have revealed that the lack of adequate soil testing facilities and related advisories have forced the farmers to depend on unreliable sources for advice on fertilizer requirement which is one reason for the unbalanced fertilizer use to address above issues Indira Gandhi senior college has setup soil testing laboratory in the department of Environmental Science few important parameters related to soil are tested in the lab like Electrical Conductivity, PH, Organic Carbon ,Potassium Etc

Teaching and non teaching staffs are involved in the overall working of soil testing activity some students are also involved in this program these students are trained and given different assignments related to the activity

This service also contribute in central government's ambitious mission of providing soil health cards to all farmers in the vicinity of our college area

Valedictory function (5.15 pm to 6.00 pm)

Beloved Principal of our college Dr. G. N. Shinde Preside the valedictory function and during his presidential address hopeful concern towards Industry persons, industry workers, farmers, parents, students, researchers, and persons from all corners of society in development of Marathwada region and given deep concern to timely response for the participants.

The farmers, Raju Yewle, Reshmaji More, Raju Deshmukh, Tanaji Jogdand, Narhari Dukare, Laxman Hambarde, Uttam Nawle and Santosh Jadhav and Rahul Waghmare, Vinod Godbole, Anand Shipparkar, Vipul Kulkarni, Tulsiram Ghogre, Gajanan Gore, Balaji Jadhav, Gangadhar Bhosle and Prashant Sontakke of alumni association took active participation.

The Seminar has its success by valuable efforts of Dr. S. G. Tugaonkar (Coordinator, Alumni Association), Amar Bias (President, Alumni Association), Swati Kothle (Secretary, Alumni Association), Dr. Sanjay Jagtap and Dr. Vishwadhar Deshmukh of Marathi Department and Dr. Pandurang Muthe of Economics Department.

Key Note Address:

Dr. Mirza M. B. (Associate Professor, Dept. of English, People's College, Nanded). elaborated the significance of communication skills in day today life. It is the inevitable need of human being to express his or her thoughts. He told that effective communication skills are fundamental to good interactions between two or more people. Communication is simply the act of transferring information from one person to person or persons and from one place to another. This may be in vocal or written form. It is the process by which we understand and in turn try to be understood by others. It is dynamic, constantly changing and shifting in response to the overall situation. Therefore, "communication" can be described as "the interchange of thoughts or ideas". This is also referred as sharing of meaning. Man is a

social being. As a member of society, he has to constantly interact with his fellow human beings. He has emotions, feelings, likes and dislikes. He has to give vent to all these. He needs to convey and let others know what he feels or thinks. In other words, whatever be the environment in which a person is placed, he has to build links, establish relationships and have connections. The need for communication arises from man's desire to express himself in a meaningful manner.

Participants were delighted to listen the lecture and the resource person answered the queries by participants satisfactorily.

Presidential Address:

In his presidential speech Dr. Jatap S. W. stated the academic journey of the college and its active role in academic activities. He highlighted the functional role of IQAC in the development of college and introduction and implementing new ideas and policies in education field. Report on One Day Webinar

"Frontiers in Plant Sciences"

A One-day Webinar on "Frontiers in plant Sciences" was organized by Department of Botany, Indira Gandhi (Sr) College, CIDCO, Nanded on 17th June 2020. The overall goal of the webinar is to inculcate and improve the importance of plant Sciences among the staff, research scholars and students of Life sciences.

Early humans undoubtedly observed that plants were greatly affected by the environment. It envisioned that seasonal cropping cycles, serendipitous successful plantings, beneficial uses of certain plants were noted by these early ancestors and passed on to future generations. Agriculturalists have long known the importance of the environment on plant growth and early farmers were some of the first to manipulate or modify the growing environment to provide a more conducive environment for plant growth.

As growing plants (and animals) became more specialized and agriculture continued to evolved, the understanding of the role of the environment in successful food and fiber production became more of a science. Botany, or the study of plants, developed as science and investigations on the taxonomy, anatomy, morphology, physiology, and ecology of plants were institutionalized as fields of advanced study at institutions of higher learning. The areas of plant study that placed major emphasis on the use of plants by humans or as agricultural products (or crops) became known as the plant sciences.

The plant sciences evolved to specialized crop commodity fields such as agronomy, horticulture, and forestry, and specialized cross commodity fields such as plant pathology, entomology, integrated pest management.

The objectives of this Webinar are:

- To highlight the importance of Fungi in the production of secondary metabolites.
- To highlight the role of fungi in disease production
- To highlight the role of fungi productivity of crop plants.

Inaguration:

The webinar was started on 17th June 2020 at 11.00am with inaugural address by Principal of College Dr. Mali R.P.

The Key note address was given by Dr. A.M. Chavan Senior Professor, Dept. Of Botany, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. In his Address he Highlighted the role of fungi in the Production of Secondary metabolites and its potentially useful biologic activities. He explained the role of fungi in disease production in Plants and the role of farmers in protection of plants by using some simple techniques to overcome the diseases.

Session II

In the technical Session Dr. Chavan briefly described the role of fungi in increasing the fertility of soil. He also highlighted antagonistic effect of fungi in soil. Use of *Trichoderma* to control the Pathogenic soil microorganisms.

Trichoderma spp. have been widely used as antagonistic fungal agents against several pests as well as plant growth enhancers. Faster metabolic rates, anti-microbial metabolites, and physiological conformation are key factors which chiefly contribute to antagonism of these fungi. Mycoparasitism, spatial and nutrient competition, antibiosis by enzymes and secondary metabolites, and induction of plant defense system are typical biocontrol actions of these fungi.

Participation in the event was very encouraging from various colleges and departments across India. There were 180 enthusiastic participants like academicians, students and Research scholars who participated in the day long deliberations.

The Seminar has its success by valuable efforts of Dr. S. G. Tugaonkar, Head Dept. of Botany, Indira Gandhi (Sr.) College CIDCO, Nanded

Report on One Day National Webinar

ON

"IPR and Patent Drafting"

13 August, 2020

Organized By
Indira Gandhi Sr. College Alumni Association

2020-21

Dr. Mirza
Co-ordinator IQAA
Shiv

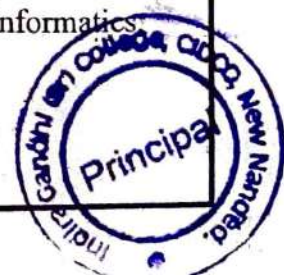

Under the guidance of Hon. Principal of college and Members of Indira Gandhi (Sr.) College Alumni Association are taking efforts to discuss and bring out the national seminar on IPR and Patent Drafting.

The seminar intends to make a critical deliberation on deprivation and creating awareness about Intellectual Property Rights amongst faculty and students. India has become a member of the global patent regime but awareness and expertise on the subject of Intellectual property Rights (IPR) in the academic institutions is still inadequate. To apply for registration of IP, the university teachers and students are required to observe confidentiality in relation to such information to disseminate the information and the building of the research base.

Maintenance of a proper balance and fine tuning of academic excellence with academic integrity and protection and exploitation of intellectual property rights is becoming very important for the universities. In the current scenario the aggressive and targeted creation of intellectual property is the need of the hour. Protection of IPR and its commercialization propagates innovative culture, profitability, market leadership and helps creation of wealth for the individual and eventually the Nation.

IPR awareness is required which is significant for fruitful growth of the Intellectual property rights (IPRs). In view of above a one day National webinar on "IPR and Patent Drafting", has been conducted at Indira Gandhi (Sr) College on 13th August 2020.

Participation was very encouraging from various colleges and departments across India. There were 139 enthusiastic participants who participated in the day long deliberations on IPR and Patent Drafting. The programme included talks on importance of IPRs and their protection, Patenting procedures and patent informatics.

trademark and copyright protection, issues of do's and don'ts for a researcher in the context of publishing

and patenting. The resource person Dr. Bharat Surywanshi (Asst. Controller), RGNIIPM, Nagpur, delivered an illuminating Keynote address on "Intellectual property Rights in India", wherein the participants were made aware of importance of IP, types of IP, IP activities carried out by IPO, trends of patent filing in India and abroad and success stories on capitalizing of IP. This created a buzz among the audience and was very much appreciated by the participants.

एक दिवसीय राष्ट्रीय वेबिनार अहवाल

इंदिरा गांधी वरिष्ठ महाविद्यालय सिडको नांदेड येथे IQAC व भूगोल विभाग यांच्या संयुक्त विद्यमाने दि. 04/12/2020 रोजी एक दिवसीय राष्ट्रीय वेबिनारचे आयोजन करण्यात आले होते. या कार्यक्रमाकरिता प्रमुख पाहुणे म्हणून श्री शारदा भवन एज्युकेशन सोसायटीचे कोषाध्यक्ष प्राचार्य डॉ. रावसाहेब शेंदारकर उपस्थित होते तर प्रमुख वक्ते म्हणून सालिसवर्ग युनिव्हर्सिटी यूएसए येथील प्रख्यात पर्यावरण तज्ञ प्रोफेसर प्रवीण सप्तर्षी उपस्थित होते. याप्रसंगी महाविद्यालयाचे प्राचार्य डॉ. आर. पी. माळी यांची उपस्थित होती. तसेच भूगोल विभागाचे विभाग प्रमुख प्रोफेसर एन. के. वाघमारे व प्रा. डॉ. भागवत पस्तापुरे यांचीही उपस्थिती होती. कार्यक्रमाच्या सुरुवातीला पाहुण्यांचे शब्द सुमनांनी स्वागत करण्यात आले. त्यानंतर कार्यक्रमाचे प्रास्ताविक व प्रमुख पाहुण्यांचा परिचय प्रो. एन.के. वाघमारे यांनी करून दिला. श्री शारदा भवन एज्युकेशन सोसायटीचे कोषाध्यक्ष प्राचार्य डॉ. रावसाहेब शेंदारकर यांनी कार्यशाळेचे उद्घाटन केले. बोलतांना पुढे असे म्हणाले की, आपत्ती व्यवस्थापन हा वेबिनारचा विषय अत्यंत महत्वाचा आहे. संपूर्ण जग आज विविध प्रकारच्या आपत्तीने ग्रसले असून आपत्तीपासून बचाव करण्यासंदर्भात व आपत्तीचे व्यवस्थापन करण्यासंदर्भात अशा वेबिनारमध्ये विचार मंथन व्हावे अशी अपेक्षा व्यक्त केली.

सदर वेबिनारसाठी प्रमुख मार्गदर्शक म्हणून पुणे विद्यापीठाचे इ-मेरीटस प्रोफेसर डॉ. प्रवीण सप्तर्षी सहभागी झाले होते. आपत्ती व्यवस्थापनावर बोलतांना डॉ. प्रवीण सप्तर्षी असे म्हणाले की, आपत्ती व्यवस्थापन म्हणजे, आपत्तीच्या सुनियोजित प्रतिकारासाठी योग्य तयारी, तात्काळ प्रतिसाद आणि आपत्तीनंतर उद्भवणारी परिस्थिती पूर्वपदावर आणण्याची आखलेली योजना होय. कोणत्याही प्रकारच्या आपत्ती आल्या की आज आपण सगळे शासनाला दोष देण्यात धन्यता मानतो. परंतु प्रत्यकाने एक जबाबदार नागरिक म्हणून आपली जबाबदारी पार पाडली तर आपत्ती पासून होणारी हानी टाळता येते. अकस्मात येणाऱ्या आपत्तींना तोंड देण्यासाठी, अज्ञान तसेच माहितीचा अभाव यामुळे होणारी जीवित व वित्त हानी टाळण्यासाठी आपत्ती व्यवस्थापनाची गरज असल्याचे सांगून आपत्ती काळात तसेच आपत्तीनंतर विशेषत. अल्पवयीन बालके, वृद्ध, महिलां तसेच अपंग यांना कमीत कमी त्रास होईल याची खातर जमा करण्यासाठी आपत्ती काळात पाणी पुरवठा, जनावरांना चारा, खानपान व्यवस्था, वैद्यकीय सेवा, औषध सामग्री इत्यादी सुरळीत चालतील. याची खात्री करण्यासाठी स्थानिक पातळीवर आपत्ती व्यवस्थापन करणे गरजेचे आहे. आपतकालीन परिस्थितीत प्रशासकीय यंत्रणेसोबतच शालेय, महाविद्यालयीन विद्यार्थी, एनसीसी, होमगार्ड्स, पोलीस प्रशासन, स्वयंसेवी संस्था, सामाजिक कार्यकर्ते आदीचा सहभाग असणे महत्वाचे आहे. सध्याच्या काळात अनेक नैसर्गिक व मानवनिर्मित आपत्ती उद्भवत आहेत. काही आपत्ती तर आकस्मिकपणे निर्माण होतात. तेव्हा अशा विविध प्रकारच्या

आपत्तीमुळे आपत्तीग्रस्त भागातील वित्त व प्राणहानी मोठ्या प्रमाणात होते. त्याचा वाईट परिणाम देशाच्या अर्थव्यवस्थेवर होऊन देशाची अर्थव्यवस्था कोलमडून पडते. तसेच देशातील सर्व स्तरावरील लोकांनीही अनेक समस्यांना सामोरे जावे लागते. या विविध प्रकारच्या आपत्ती आपणास रोखता येत नसल्या तरी योग्य व्यवस्थापनामुळे आपत्तीपासून होणारी विविध प्रकारची हानी आपणास काही प्रमाणात टाळता येते. त्यासाठी आपत्ती व्यवस्थापना संदर्भात सर्व स्तरावरील जनतेला माहिती होणे आवश्यक आहे. अनेक वेळा आपत्ती संदर्भातील अज्ञानामुळे आपत्तीची तीव्रता वाढून खूप मोठ्या प्रमाणात नुकसान होते. आपत्ती पासून होणारे नुकसान टाळण्यासाठी अशा प्रकारच्या कार्यक्रमाची अत्यंत आवश्यकता आहे. भूगोल विभागाद्वारे आयोजित सदरील एक दिवसीय राष्ट्रीय वेबिनार समाजोपयोगी ठरेल अशी आशा व्यक्त करतो.

एकदिवसीय राष्ट्रीय वेबिनारचे अध्यक्ष महाविद्यालयाचे प्राचार्य डॉ. आर. पी. माळी हे होते. ते बोलतांना असे म्हणाले की या वेबिनारच्या अनुषंगाने पर्यावरणीय आपत्ती समजून घेताना आज जगासमोर कोरोना सारखे संकट उभे आहे. त्याचाच एक भाग म्हणून आजचे राष्ट्रीय स्तरावरचे एक दिवसीय वेबिनार ऑनलाइन पद्धतीने आयोजित केले आहे. अशा आपत्ती विषयी राष्ट्रीय स्तरावर चर्चा होण अत्यंत महत्त्वाचे आहे. कोरोना संकटाचा प्रभाव आणि परिणाम आगामी काळच ठरवू शकेल असे मत त्यांनी व्यक्त केले. याप्रसंगी ग्रामीण महाविद्यालय वसंतनगर कोडग्याळ येथील प्राचार्य डॉ. एच. बी. राठोड व योगानंद स्वामी महाविद्यालय वसमतचे प्रा. डॉ. शशिकांत ताळेळमारे यांनी आपले मनोगत व्यक्त करताना या वेबिनार वद्दल समाधान व्यक्त केले तर आभार प्रदर्शन प्रा. डॉ. हरीहर मोहोकर यांनी मानले या एकदिवसीय राष्ट्रीय वेबिनार करिता महाराष्ट्र व अन्य ठिकाणाहून 200 प्रतिभागी सामील झाले होते.

Report on One Day National Webinar

'Shri Sharda Bhavan Education Society's', Indira Gandhi Sr. College, Nanded, Department of Physics had organized 'One Day National Webinar' on the topic 'Gamma Ray Interaction Studies with Matter' on 12th June 2021. The chief guest as well speaker for this seminar was Dr. Pravina S. Ugile (Pawar), Associate Professor, Department of Physics, Dr. Babasaheb Ambedkar Marathwada University, Aurangabad. The President as well as Inaugurator for the said seminar was Dr. R.P. Mali Sir, Principal, Indira Gandhi Sr. College, Nanded.

The Webinar started with the welcome of the guest as well as felicitation of the dignitaries. The motive behind selecting such a topic was to create awareness among the participants about the radiation hazards and the adverse effects of exposure of our body to radiations.

The principal in his presidential note stated that during the Covid - 19 pandemic, we have frequently heard about some tests like CT-scan, HRCT, etc. which were performed frequently by people without the prescription of the doctor. Such tests should not be performed at random as the radiations to which our body is exposed are hazardous.

The guest started her presentation with the basics of 'Nuclear Physics' and very well explained the nuclear radiation and health effects. She also showed in her presentation, the set up used for research of the effects of radiation on matter, specifically the gamma radiations. Nuclear radiation and Health Physics was covered elaborately.

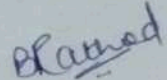

The seminar was given a very good response. About 84 participants from all over the country including faculty as well as students joined registered for the seminar. The national seminar received international touch due to two foreign participants who joined from Beirut Arab University, Lebanon.

The 'Vote of Thanks' was given by Miss Ashwini Gubre.

Internal Quality Assurance Cell (IQAC) and Department of English took initiative to organized international webinar entitled “ Unmasking Colonial Paradigms” on 30/06/2021. The Webinar was organized in the following order: The Inaugural Ceremony, Key Note Address and Valedictory remarks.

The Inaugural Ceremony:

The President of this Inaugural Ceremony of one day international webinar was Honourable Prof. Dr. R. P. Mali Sir who is principal and Convener of this webinar. He gave a review about college and its active involvement in academic field. Dr. Raosaheb Shendarkar Sir, Treasurer, Sharda Bhavan Education Society, Nanded, was the Chief inaugurator of this academic event. He congratulated all the organizers for selecting a wonderful topic for discussion. He appreciated the efforts taken by the Principal, IQAC and Dept. of English. He extended his warmth regards for the success of the event. Mr. Lehasa Rich Moloi, (Decolonial Thinker and Lecturer, Department of Development Studies, University of South Africa) and Dr. Fayaz Ilkal (Head Dept. of English, Rani Channamma University, Belgavi, Karnataka) were Guests of Honour.

Dr. Mirza Sultan Baig, the Organizing Secretary introduced about Department of English and the aims and objectives of the webinar. in his introductory speech he informed that the college received an overwhelming response. The webinar has attracted 302 delegates. We had participants from Kingdom of Saudi Arabia, Yemen and South Africa and almost all corners of India. Getting such a loving response in just four days was surely a reward for us. He regretted for not allowing all the participants to join meeting due to technical issue. At the same time he assured participants that the video of the webinar will be uploaded on You Tube for waiting participant.

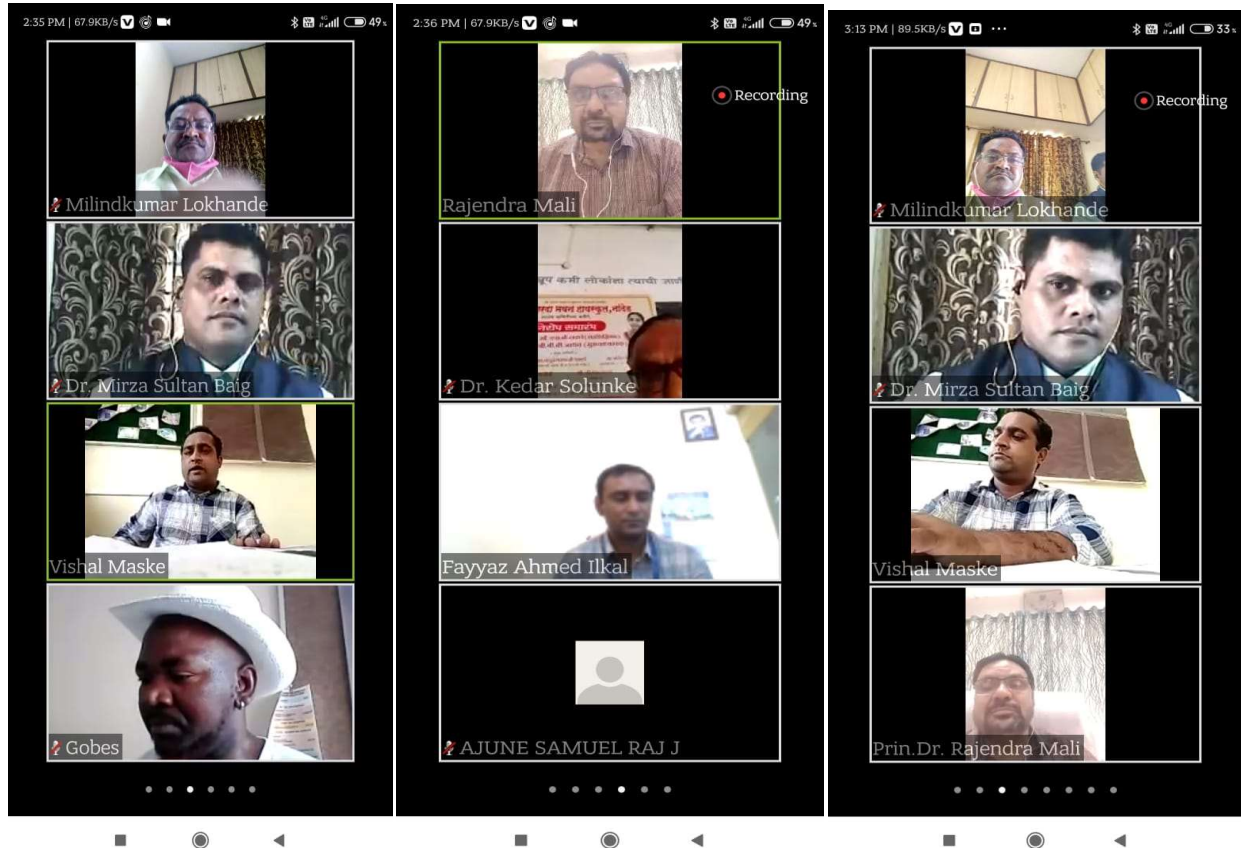

Key Note Address:

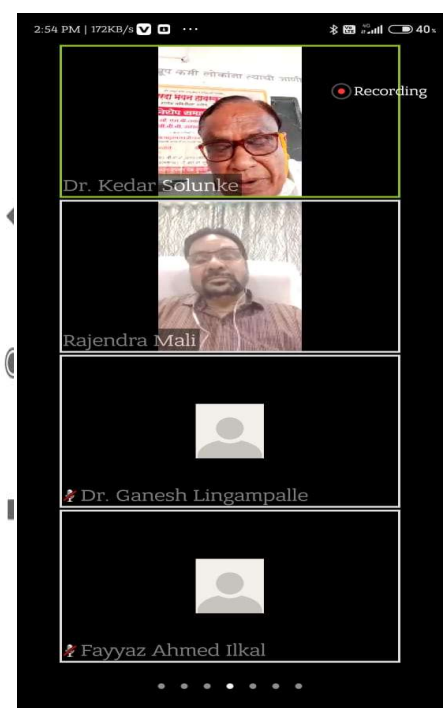

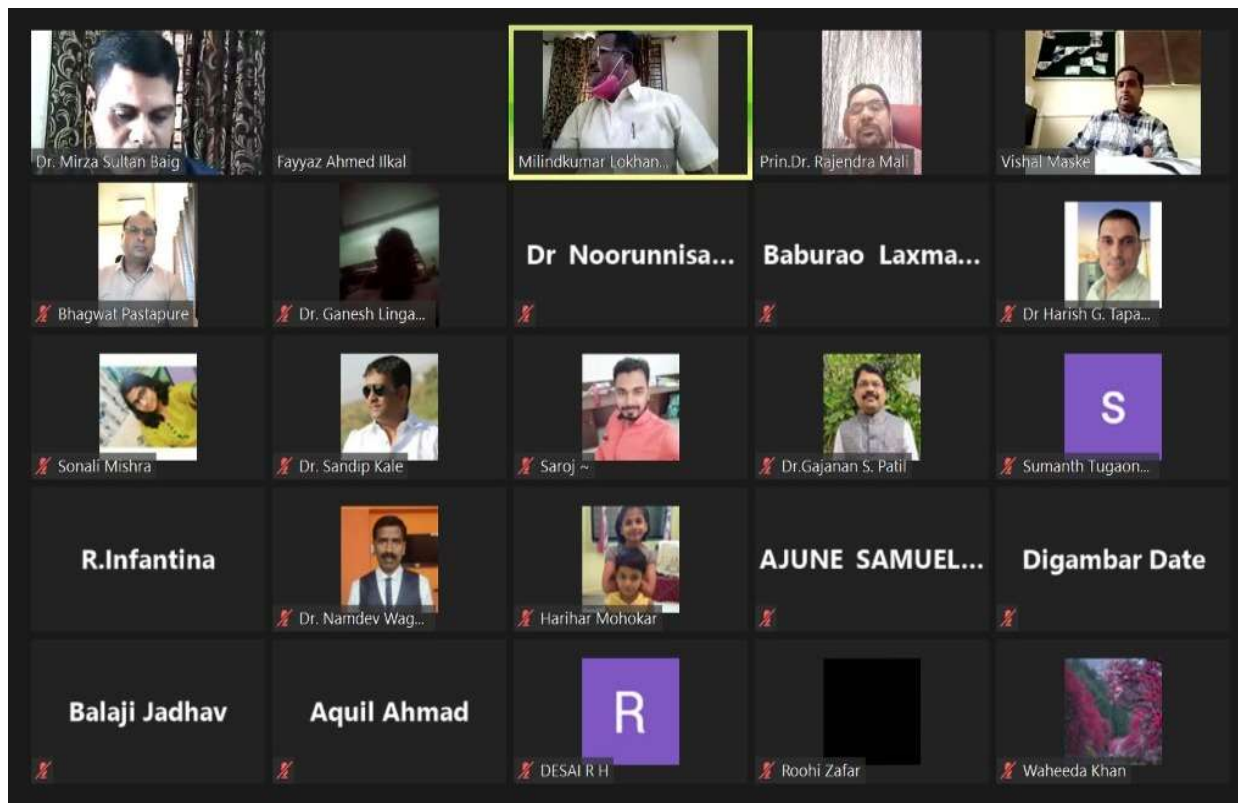

Dr. Mirza S. B. gave a brief introduction of the guests. In his Key- Note address, Mr. Lehasa Rich Moloi extended his warm regards for selecting the burning issue of Unmasking Colonial Paradigms. At the very outset of his speech, he discussed about the common colonial experiences. In his speech, Moloi explained that everybody knows colonialism is nothing but exercise of power by a strong country over a weak country. We have experienced the ghastly results of colonialism under British rule. India and Africa have been the world's ancient civilizations but during colonial period their identities were mutilated and related to uncivilized and savage cultures. This notion is challenged with the liberation of the once slave colonies of white people. Here, we find the birth of Postcolonialism or Post colonial studies. Systematic Unmasking of colonial paradigms started in this phase with literary canons where questions were raised about supremacy of white ideology. It is the critical academic study of the cultural legacy of colonialism and imperialism, focusing on the human consequences of the control and exploitation of colonized people and their lands. More specifically, it is a critical theory analysis of the history, culture, literature, and discourse of European imperial power.

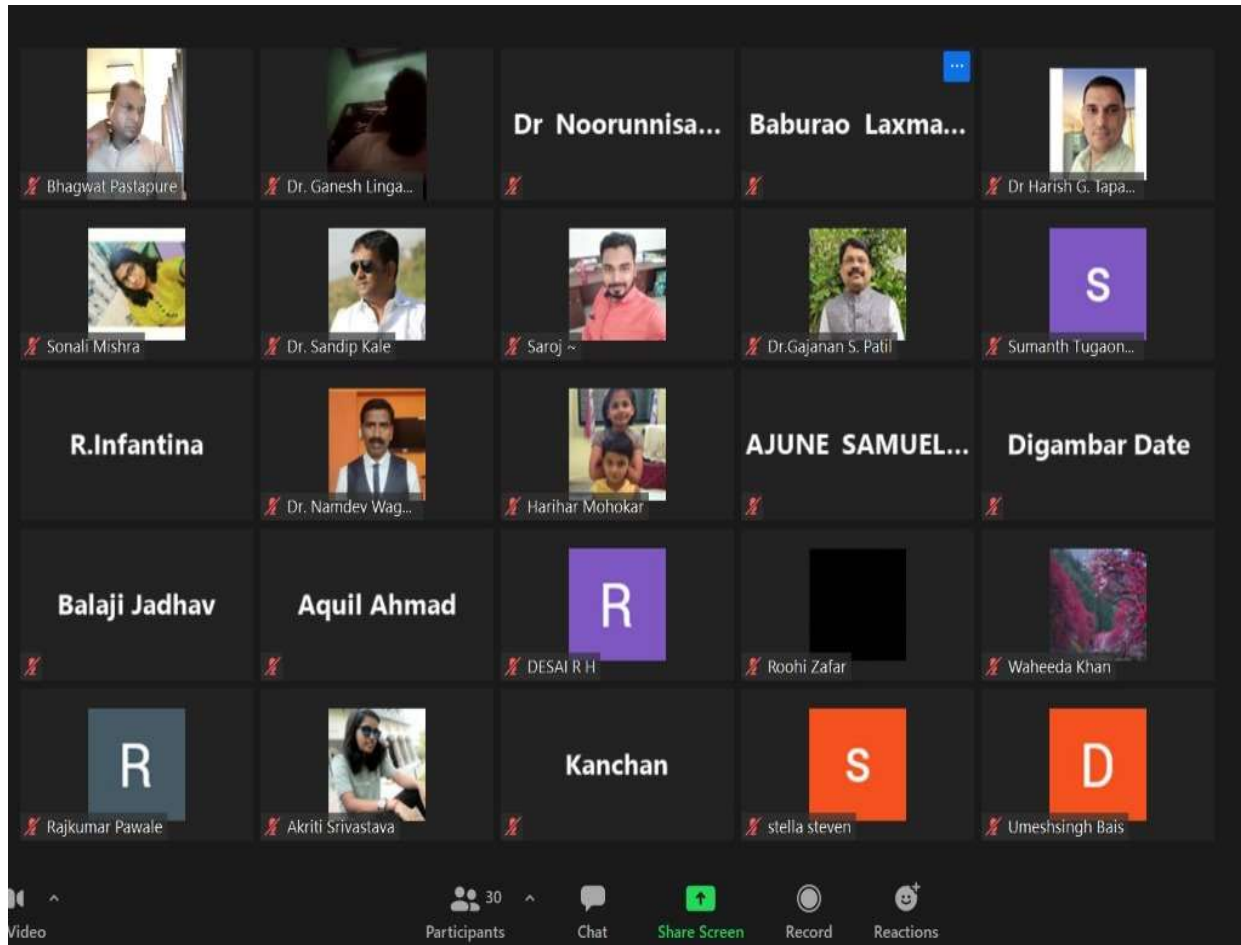

In his presidential remark of the Key note address / technical session, Dr. Fayaz Ilkal (Head Dept. of English, Rani Channamma University, Belgavi, Karnataka) told that both the countries share common experiences and have gone through the ghastly effects of colonialism. He stressed that he feels the main purpose of this webinar was to provide a common platform for interaction among academicians and researchers engaged in studying and teaching Post Colonial literary canon and it seems fulfilled.

Dr. Mirza S. B. paid vote of Thanks whereas Dr. Maske V. B. compared all the sessions.

Financial literacy is the application of knowledge and skills to administer financial resources efficiently in individual's life for his/her financial wellbeing. Unfortunately, many people have a weak grasp of basic principles of personal finance. General attitudes toward spending and saving behaviour are troubling as well. In India, regulatory bodies like RBI, IRDA, PFRDA, SEBI etc are working towards boosting financial literacy. This promotes an individual to understand his/ her financial condition and find out how he can strengthen it.

Financial planning allows individuals to control their financial position. For this purpose, individuals need to recognize and set their priorities. Having a plan for spending, saving, and investing money makes a difference in how well financial needs and goals will be met. Meeting those goals require financial planning that considers all aspects of finance like budgeting and managing taxes, liabilities, purchase decisions, managing insurance, managing investment, retirement etc.

An individual with good financial sense plans his/her personal finance in a better manner. Financial and personal satisfaction is the result of an organized process that is commonly referred to as personal money management or personal financial planning. Therefore, Alumni Association of Indira Gandhi (Sr.) College made an attempt to provide financial literacy, personal financial planning among the teachers.

Session – I (9.00 am to 9.15 am)

Inauguration

The Inauguration of the regional seminar was made by the auspicious hands of Hon. and Principal Dr. R.P. Mali preside the ceremony.

The motto of organizing the seminar was elaborated by Mr. Amar Bais, President Alumni Association and Mr. Balaji Jadhav (an alumnus) took leading role in anchoring.

Session – II (9.15 am to 11.00 am)

Dr. Kaushik Joshi thoroughly elaborated the need and importance of financial planning to the faculty. Financial planning links the goals a business wants to achieve in the future and the resources it will need to achieve these goals. It is also concerned with evaluating the financial resource of a business. Strategic financial management is about setting the goals throughout the business and deciding what resources will be needed to achieve these goals.

Financial planning is a process of concern about the financial activities of the objectives, policies, procedures, plans and budgets. This ensures effective and adequate financial and investment policies. The importance can be summarized as:

- The need to ensure adequate funding.
- Financial planning helps to ensure a reasonable balance between the inflow and outflow of funds, in order to maintain stability.
- Financial planning to ensure that funds providers to easily invest in the financial planning of the company.

Tea break (11.00 am to 11.15 am)

Session – III (11.15 am to 1.00 pm)

Dr. Vijay Uttarwar explained the role of financial risk management, he explained role of financial risk management indicates that you have a strong understanding of the underlying risk management concepts in today's ever-changing financial markets. It also lets employers know that you take risk management seriously and that your knowledge has been validated by international professional standards.

manager identifies and analyzes threats to the assets, earning capacity, or success of a business. Financial risk managers work in sales, loan origination, trading, marketing, financial services, or private banking. Many specialize in areas like credit or market risk. They analyze data, financial markets, and world events to forecast changes and trends that can impact a business and suggest or implement strategies for protection.

There are many ways to categorize financial risks. One approach for this is provided by separating financial risk into four broad categories:

- Market Risk
- Credit Risk
- Liquidity Risk
- Operational risk.

Importance:

- Risk management is the process of analyzing processes and practices that are in place, identifying risk factors, and implementing procedures to address those risks.
- In health care, risk management in health care can mean the difference between life and death, which makes the stakes significantly higher.
- While the bottom line is important, the health care industry's main priority is and should be saving and protecting lives.
- The key to success is a centralized reporting system.

Azadi Ka Amrit Mahotsav is an initiative of the Government of India to celebrate and commemorate 75 years of independence and the glorious history of its people, culture and achievements.

This Mahotsav is dedicated to the people of India who have not only been instrumental in bringing India thus far in its evolutionary journey but also hold within them the power and potential to enable Prime Minister Narendra Modi's vision of activating India 2.0.

Keeping this aspect in mind, the Department of Botany and IQAC of College jointly organized the webinar on "Indian Patent Process." Mrs. Pooja Maulikar Examiner of Patent and Designs, Rajiv Gandhi National Institute of Intellectual Property Management has accepted the invitation as a Resource person of the event. 171 Participants were registered for the Webinar.

Welcome Speech and resource persons introduction was given by Dr. Mirza S. B. Coordinator IQAC.

In her talk Mrs. Maulikar explained the procedure for filing the Patent and various aspects related to the Patent Process. She elaborated Patent Process and said A patent, granted by the government, gives an exclusive right to an inventor to make, use, and sell his invention. This exclusive right is for a limited period of 20 years from the date of filing. The fundamental idea is to safeguard the inventions that are created and therefore, encourage more developments. Let us look into the steps involved in a patent filing in India.

She explained Patent Filing process in Following Steps

1. Conceiving your Invention
2. Patent Search and Drafting
3. Filing the Patent Application
4. Publication of the Application
5. Request for Examination
6. Respond to the Objections
7. Grant of Patent

In the Presidential Address Dr. R. P. Mali, Principal Indira Gandhi Sr. College CIDCO Nanded Interacted with the Participants and Explained the need of Patent Filing for the researchers and Academicians and Motivated to File Patent of their Research findings. Intellectual Property has always played an increasingly significant role in today's technology-driven society. Patents are an important asset for an organization. Hence, the innovative strength of an organization can be measured through its patenting activities. Not just the

number of patents, it's also the quality of patents that makes the corporation more demanding. Grant of a patent is a long process that entails multiple checks on novelty, non-obviousness, and industrial applicability of the invention.

Vote of thanks was given by Dr. S. G. Tugaonkar, Head Department of Botany.

इंदिरा गांधी महाविद्यालयात राष्ट्रीय वेबिनार संपन्न

नवीन नांदेड (प्रतिनिधी) - श्री शारदा भवन एज्युकेशन सोसायटी संचलित, इंदिरा गांधी सीनियर कॉलेज सिडको नांदेड येथे आयक्यूएसी आणि वनस्पतीशास्त्र विभागातर्फे पेटंट आणि डिझाईन प्रक्रियेवरील राष्ट्रीय ऑनलाईन वेबिनार यशस्वी सांगता झाली.

महाविद्यालयाचे प्राचार्य, डॉ. राजेंद्र माळी यांच्या मार्गदर्शनाखाली सदरील राष्ट्रीय वेबिनारचे आयोजन करण्यात आले होते. १७१ सहभागींनी वेबिनारचा लाभ घेतला.

श्रीमती पूजा बी. माऊलीकर पेटंट आणि डिझाईन्सच्या राजीव गांधी इन्स्टिट्यूट ऑफ इंटेलेक्चुअल प्रॉपर्टी मॅनेजमेंटच्या परीक्षक होत्या आणि त्यांनी पेटंट दाखल करण्याची प्रक्रिया स्पष्ट केली आणि सांगितले की, पेटंटचे अनुदान शोधकर्त्याला विशिष्टतेचा लाभ देते. मर्यादित कालावधी, ज्याच्या समाप्तीनंतर आविष्काराच्या सुलभतेचा लाभ मोठ्या प्रमाणावर लोकांसाठी खुला केला जातो. पेटंट प्रणालीचा मूळ उद्देश सुधारणा आणि नवकल्पना यांना प्रोत्साहन देणे हा आहे. अशा प्रकारे पेटंट देण्यामागचा उद्देश केवळ शोधकर्त्याला बक्षीस देणे नव्हे, तर आविष्कारांच्या सार्वजनिक प्रकटीकरणास प्रोत्साहन देणे देखील आहे, असे ते याप्रसंगी म्हणाले.

लोकशाहीमध्ये मतदार हाच खरा राजा - प्रा.डॉ. प्रवीण गुल्हाने

नवीन नांदेड - लोकशाहीमध्ये मतदार हाच खरा राजा असल्याचे प्रतिपादन प्रा.डॉ.प्रवीण गुल्हाने यांनी केले. भारतीय लोकशाहीमध्ये मतदाराची भूमिका या विषयावर राष्ट्रीय वेबिनार संपन्न झाला त्यावेळी बोलत होते.

इंदिरा गांधी वरिष्ठ महाविद्यालय सिडको, येथे स्वातंत्र्याचा अमृत महोत्सव व राष्ट्रीय मतदार दिवसानिमित्त भारतीय लोकशाहीमध्ये मतदाराची भूमिका या विषयावर राष्ट्रीय वेबिनार संपन्न झाला. भारतीय लोकशाहीमध्ये मतदाराची भूमिका या विषयावर राज्यशास्त्र विभागप्रमुख, महिला महाविद्यालय, अमरावती येथील प्रा. डॉ. प्रवीण गुल्हाने प्रमुख वक्ते म्हणून बोलत होते. ते म्हणाले की, लोकशाहीमध्ये मतदार हा राजा असतो. या राजाने मतदानाच्या दिवशी विवेकसंपन्न, विचारशील, विज्ञानवादी, प्रगल्भ व जागृत राहून मतदान केले पाहिजे, तरच भारतीय लोकशाहीचे भवितव्य उज्वल आहे. जर हा मतदार लोकशाही प्रती उदासीन राहून मतदान करित असेल तर लोकशाहीचे अस्तित्व धोक्यात येणार आहे. भारतातील मतदानाची टक्केवारी कमी असल्याची खंत देखील त्यांनी व्यक्त केली. भारतीय लोकशाही बळकट करण्यासाठी लोकशाहीचे पायमुळ खोलवर रुजली पाहिजे. सर्वसामान्यांना लोकशाही व मतदानाबद्दल आस्था असली पाहिजे असेही मत त्यांनी शेवटी व्यक्त केले.

कार्यक्रमाच्या अध्यक्षीय भाषणात महाविद्यालयाचे प्राचार्य डॉ. राजेंद्र माळी म्हणाले की, भारतीय लोकशाही प्रगत होण्यासाठी व लोकशाहीला जपण्यासाठी सर्वांनी मतदान केले पाहिजे. मतदान करण्यासाठी इतरांना प्रवृत्त केले पाहिजे. राष्ट्रीय मतदान दिवसाचे महत्त्व यावेळी त्यांनी विशद केले. कार्यक्रमाचे सूत्रसंचालन व कार्यक्रमाचे प्रास्ताविक इतिहास विभागप्रमुख प्रा.डॉ.जी.एस. पाटील यांनी केले. कार्यक्रमाच्या प्रास्ताविकामध्ये त्यांनी कार्यक्रमाची भूमिका विशद केली तर प्रमुख पाहुण्यांचा परिचय अर्थशास्त्र विभागप्रमुख, प्रा.डॉ. मोहोकार एच.एस.यांनी करून दिला. आभार प्रा.अभय मनसरे यांनी मानले. महाविद्यालयातील प्राध्यापक, शिक्षकेतर कर्मचारी व विद्यार्थी उपस्थित होते.
